

If the World Were a Village of 10 People (grades K-5)

If the World Were a Village of 10 People

If we could reduce the world's population to a village of precisely 10 people, the world would look something like this:

5 would be male, 5 would be female

8 would be non-white; 2 white

7 would be non-Christian; 3 would be Christian

8 would live in poor housing

2 would be unable to read or write

5 would be not have enough to eat

3 would be without access to a safe water supply

4 would lack access to improved sanitation

2 would not have any electricity (And of the 8 that do have electricity, most would use it only at night)

5 would live on less than US\$ 2 a day

2 would live on less than US\$ 1 a day
